Forklift safety checklist >

Item	Yes	No	N/A	Issue / Action taken	Person responsible	Start and Completion Dates
1. Are your forklift operators licensed?						
2. Have you ensured that forklifts are fitted with over-head protective cabs to protect drivers?						
3. Are seat belts fitted?						
<ul style="list-style-type: none"> If so do operators always wear them while operating the forklift? 						
4. Are safety devices, like flashing orange light and reversing buzzer, fitted?						
5. Are all forklifts maintained in good working order and condition according to manufacturer's specifications?						
6. Are loads within the load carrying capacity? NOTE: The Safe Working Load (SWL) should be marked on the forklift						
7. If persons are to be lifted, are they lifted in an specifically designed and approved work platform?
